

Incorporated in 2008, the association has the following objectives:

- Provide a forum for the Wairau Valley community at which members' concerns and praises can be heard;
- Promote communication within the Wairau Valley community and with other interested parties and authorities;
- Promote a safer environment in the Wairau Valley for people to live, work and visit;
- Further the interests of members both individually and collectively.

Association membership is open to all ratepayers and residents in the Wairau Valley between the Wash and Waihopai Bridges.

An active committee meets monthly and embraces a philosophy of supporting "positive changes" as opposed to only dealing with complaints. The group has a positive relationship with ward councillors.

Committee meetings are open to members and non-members and are usually held on the third Tuesday of each month at 7.30pm in the Wairau Valley Fire Station.

Communication with the wider community is achieved via:
